

How to Make the YES! Greenest Gift Bow

YOU WILL NEED:
 - Scissors - Ruler - Glue stick
 - Unwanted medium-weight paper: old wrapping paper, posters, cards, magazine covers
(But don't use your YES! You probably only have one, and we'd like you to read it and pass it on.)

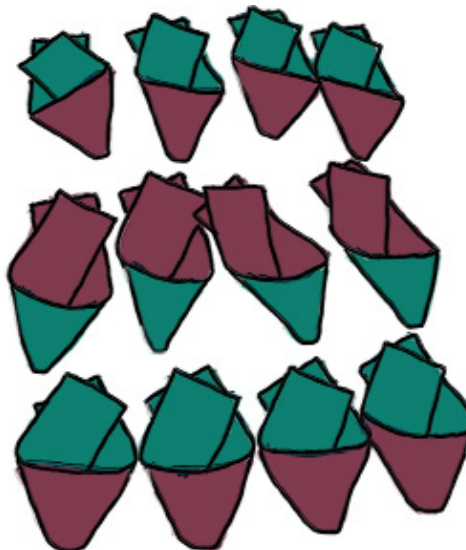

1 Cut
 8 strips of 1" x 6"
 4 strips of 1" x 5"
 1 strip of 1" x 4"

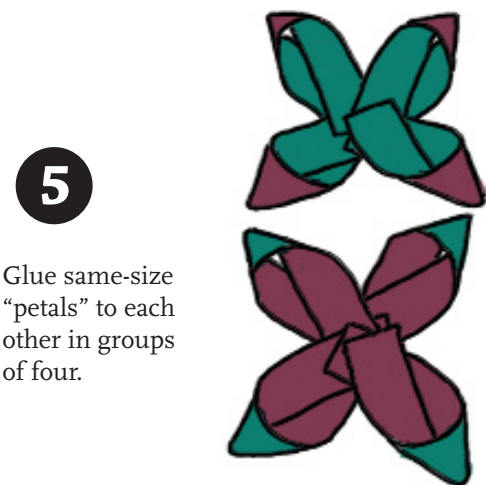

2
 Put glue on one end of each strip and wrap each one so it looks like this.

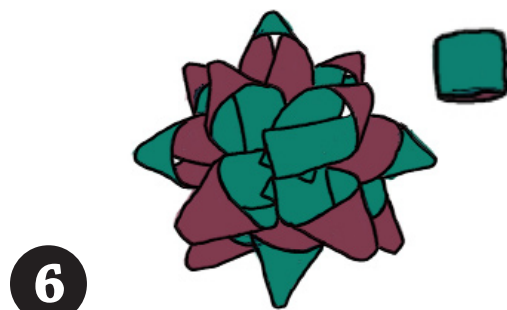

Wrap the little 1" x 4" strip like this.

4
 Wrap all the strips until you have 8 large "petals" and 4 smaller "petals."

5
 Glue same-size "petals" to each other in groups of four.

6
 Stack and glue each layer, larger on bottom, smaller on top. Top it off with the little ring.
